EDUCATION

BSc (Hons) in Information Technology
Sri Lanka Institute of Information
Technology (SLIIT), Malabe

 Current GPA: 2.0 | Expected
Graduation: 2025

G.C.E. Advanced Level (2018 – 2020)
Christ Church Boys' College
Chemistry – C | Physics – S |
Combined Mathematics – S
G.C.E. Ordinary Level
Christ Church Boys' College

SKILLS

- UI/UX design
- User research
- Usability testing

Dimalsha Praveen

FULL-STACK DEVELOPER

An enthusiastic software engineering student with a passion for technology, creativity, and innovation. I enjoy tackling challenges through coding and contributing to impactful team projects. Constantly learning and improving to become a skilled software developer in the IT industry.

EXPERIENCE

Software Developer Intern — Sixt5 Technologies (Pvt) Ltd

 March 2025 – Present | Colombo, Sri Lanka

- ❖ Developed and maintained **full-stack web and mobile applications** using **React**, **React Native**, **Node.js**, and **Python**.
- ❖ Built and integrated **RESTful APIs** and backend services using **Python (FastAPI / Flask)** to support mobile app features.
- ❖ Implemented **web scraping solutions** to extract, clean, and automate data collection from external sources using **BeautifulSoup** and **Requests**.
- ❖ Designed and optimized **responsive UI/UX** for both web and mobile platforms to enhance user experience.
- ❖ Collaborated in **Agile development cycles**, including sprint planning, standups, and peer code reviews.
- ❖ Deployed and tested applications in **cloud environments**, managing version control with **GitHub** and **CI/CD pipelines**.

PROJECTS

- ❖ Tourist Reservation Website (Individual Project) — <https://lahiruTours.co.uk>
Technologies: React | Node.js | Express | MongoDB | Git
- ❖ Customer Feedback System with Admin Panel (Group Project)
Technologies: React | Node.js | Express | MongoDB
- ❖ Vehicle Spare Parts Management System (Group Project)
- ❖ Mobile App-Explore Sri Lanka
Technologies: React-Native | Python
- ❖ Web Application For Explore Sri Lanka Mobile App(Offer Business Management system,Subscription Management System , Payhere Integration)
Technologies: React | Node | Express | MongoDB | Git
